1. Cheerleaders welcome the shade during hot summer practices. 2. **Miss Isabell** greets students with a smile. 3. Our excellent band proves that "practice makes perfect." 4. **Jimmy** and **Leah Ann** help **Mrs. Cook** in the concession stand. 5. A trio of witches brewing up trouble on Halloween.

Some of our fondest memories were the times that we discovered important parts of ourselves and experienced new emotions.

We learned responsibility — to make a commitment and keep it, no matter how much time and dedication it required. At times we were worn down, but we always struggled to keep a constant pace.

For some it was band or choir. For others, it was a sport or two. Some chose clubs while others chose to be less involved. We were all striving for a similiar goal — personal and overall perfection; to be better than ever before.

Still, there were times when no one could be categorized. The times were those when we all gathered for a celebration, for a special picture, or the lack of anything better to do. On occasions like this, we learned about each other; we grew together and made memories.

for the memories

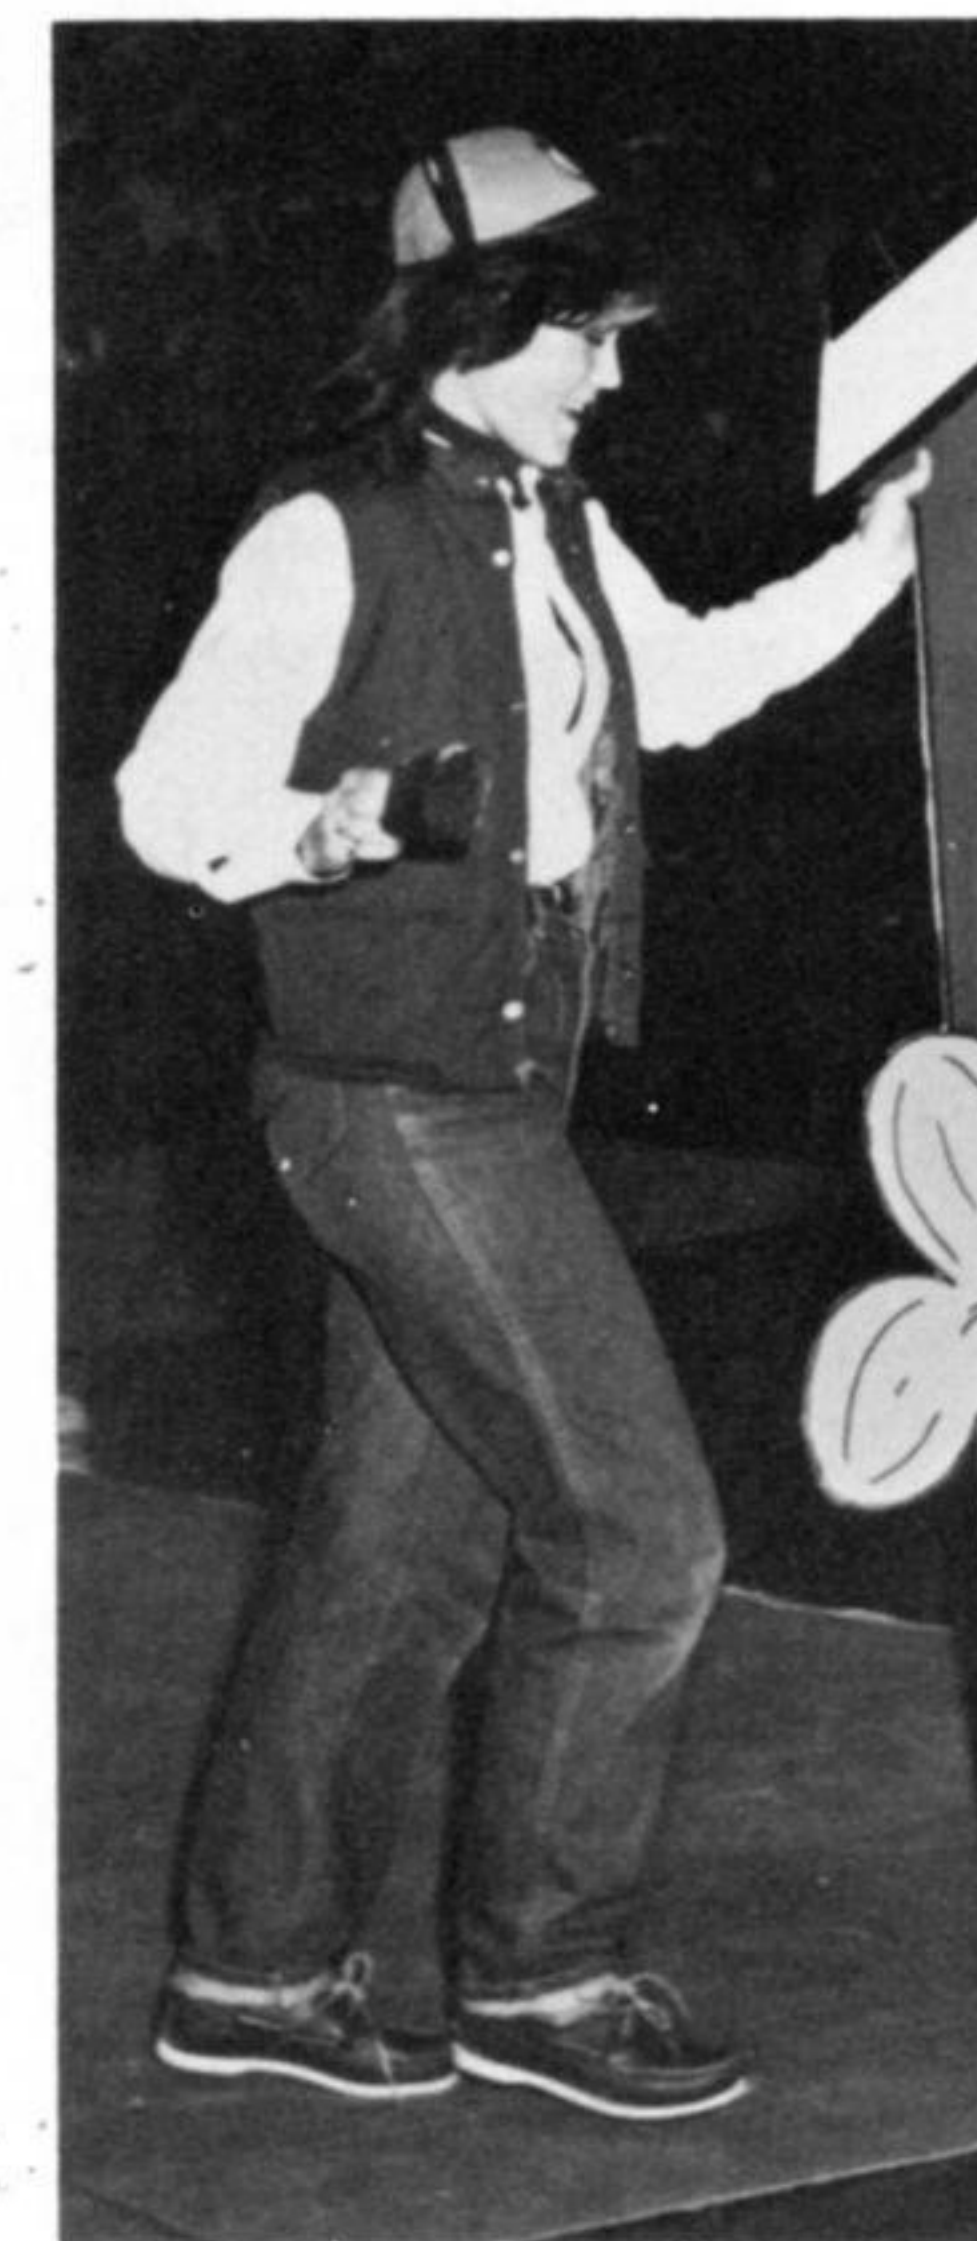

With the outbreak of the school year, seniors boisterously filled the summer barren classrooms and prepared for their last year of high school life. With a bit of mumbling and grumbling over the ending of the laughter filled summer days, they soon transformed the halls into noisy pathways of students. The seniors vowed that this would be a year to always hold fast in their hearts and memories.

Frustrations plagued the Blue Devil football team, early in the year. But defeats were not constant. Moments of victory improved the season record, and these victories revealed the hidden talents of the players. At the close of the season the Blue Devils were recognized for their accomplishments by a berth in the AA State Playoffs. The squad exhibited determination and sportsmanship throughout a difficult year.

Coach Patrick thinks it over.

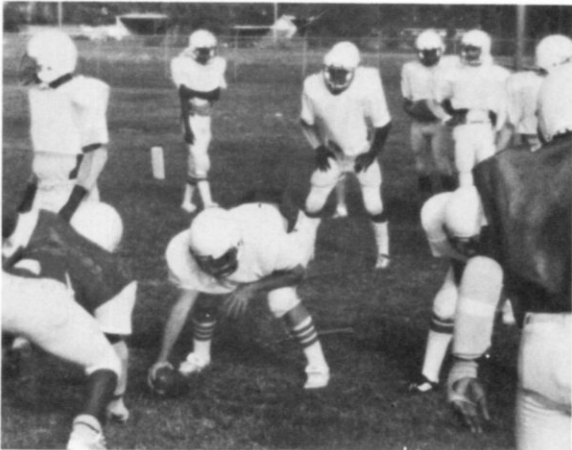

Michael Payne posed a serious threat to Blue Devil opponents.

Being a cheerleader takes a lot of hard work, dedication and time. It means practicing a cheer over and over until it is right. It means suffering through the agony of being at the bottom of the pyramid or looking at the ground from two stories in the air. Most of all it means friendship, learning, sharing and togetherness.

OLD MEMORIES . . . SPECIAL TIMES . . .

As time passes our school days turn to memories. We always have a special place in our memories for our early school days.

Remember . . .
