# Lights, Camera, Action!

We present some stars at HHS in some of the top movie selections in recent years. Look at you! You ought to be in pictures!

"A Major Production" is about to begin — that's right, another year at HHS. The hallways and the sidewalks are busy with the action of the cast, producers, directors, and crew members.

The seniors are billed as the stars, but they are not the only stars that shine. Each and every individual is a star by himself and all the individuals combined are stars that shine together to make HHS the brightest show around.

Always remember that you're the star of everything you do, whether it be at school or in your everyday life. No matter what you do, you can be the hero or you can be the villain. It all depends on your own personal pride of yourself whether your star continues to shine or whether it fails.

So take charge of your own "production!" Be a star — Hey!! You ought to be in pictures!!!

# CAST

Our senior year. The time many begin losing interest, direction, and ideals. Now we begin to think of independence, new faces, and challenges which will shape our tomorrows. We have wondered at numerous social and historical events. Confusion, instability, and corruption. But more fondly we will remember May 31, 1985. Now let us work to achieve dreams, contemplate opportunities and begin from this day.

It's graduation and it's unbelievable that I'm here. They'll call my name to receive my diploma . . . where do I go from there? I've always had the security of the school routine and its activities, surrounded by the friends I was so familiar with. Now we'll all be going in different directions, and I wonder how long it will be before the memories that meant so much start to fade. After twelve years of this you would think I would be ready to move on, but I feel like I'm leaving a part of me behind. Maybe that's good though, because I really have changed in the years that I've been here. Well, pretty soon they'll get to my name. Then I'll be up there, and it'll be all over. In a way, I guess everything's really just beginning.

# Always With Pride

Butler Bernard with congressman Bill Alexander

Butler served as a page for the House of Representatives. He was appointed to this position by Congressman Bill Alexander. Butler attended classes in Washington, D.C. this year but he will return to Hughes for his senior year.

Students at Hughes High School have good reason to walk with their heads held high. We have a lot to be proud of. We're proud one of our students is serving in our nation's capital. We have a super staff of teachers who strive to give us the best education possible. We have a school that stresses quality education and good character.

All of our departments are represented with pride. Throughout the school year you find Hughes students excellent and winning awards in math, art, industrial arts and composition. Our band, basketball and football teams consistently bring home top rankings.

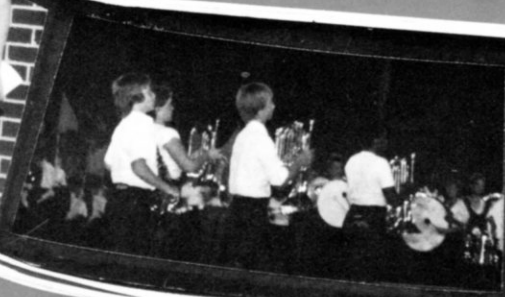

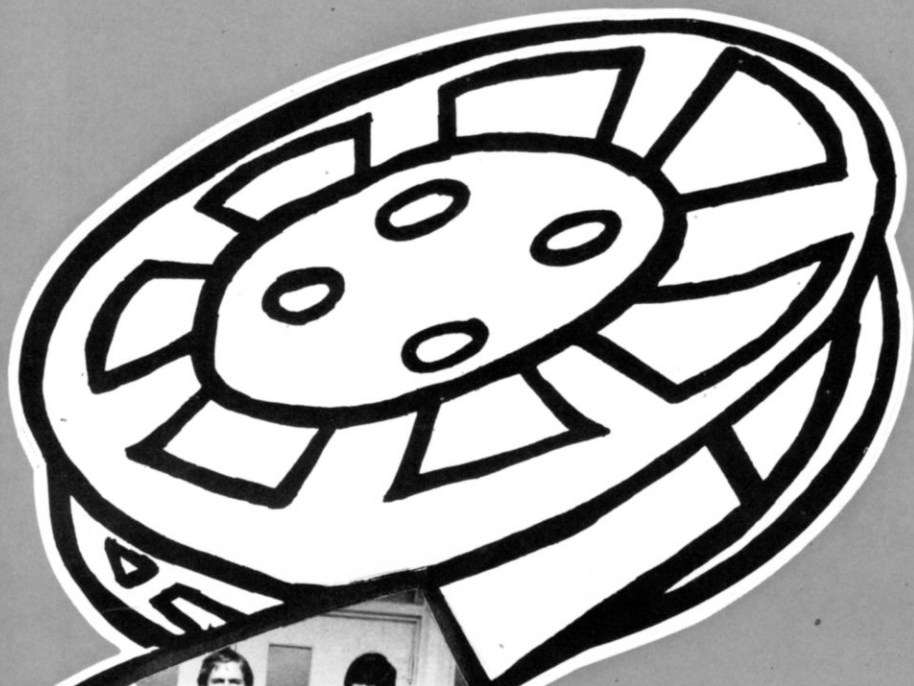

The sense of pride at HHS gives students the confidence to strive for their best and to achieve it.

**Mark Martin and Marina Lu** — math winners.

**Mrs. Ora Hale** — just one of our winning teachers.

## Band Has Star Quality

The Hughes High School Band is accustomed to being the stars that steal the show. They have consistently won *1st Division* ratings in all areas in contests during the year. The band won Best Class A Band at the Paragould Invitational and at the ASU Band Contest. In Region IX competition the Flags and Rifles were selected most outstanding. Rifles were also selected most outstanding in the Central Arkansas Marching Contest in Little Rock and our excellent band placed *third* in the finals.

# Junior Football

Andrew Thomas moves down the field earning a first and ten for Hughes.

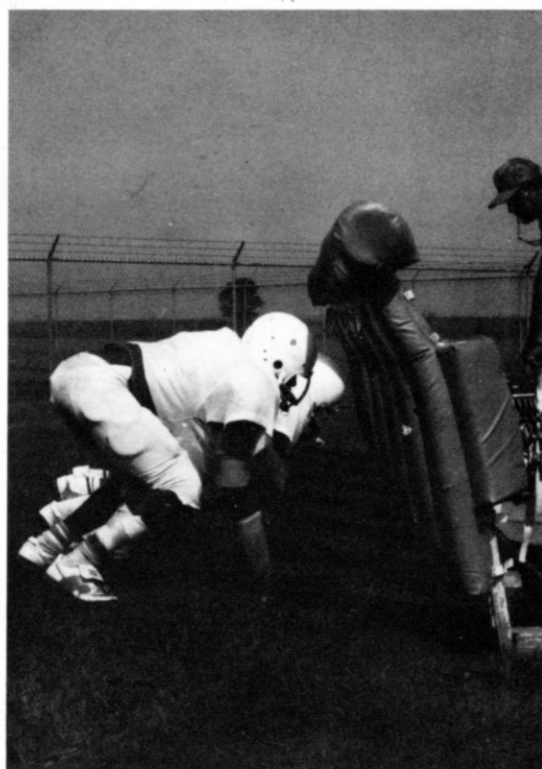

The Blue Imps began the season working hard to reach three goals they had set for the season. These were: *to be undefeated, unscored on, and to win the conference championship.* The first two goals remained intact as they marked up victories against Trumann, Brinkley, and Forrest City B. At Marvel in their first conference game two goals were knocked out as a poor performance by the Imps led to their defeat. They were not to lose another game during the season as the championship went down to the wire. With a narrow victory over Augusta in a tense, well played game their chances to share in the title looked good. Augusta went on to beat Marvel resulting in a tie for the conference championship. The Imps ended a very good year with the goal of **Conference Champions** intact.

# New Educational Standards To be Met

Of all the responsibilities of a school superintendent, good academic standards are of utmost importance. With new and stricter standards to be met in Arkansas, Mr. Doty finds constant revision necessary. The dedication and hard work of Mr. Doty and Mr. Barrett help to improve the good academic program already existing in Hughes schools.

Superintendent of Schools — George Doty

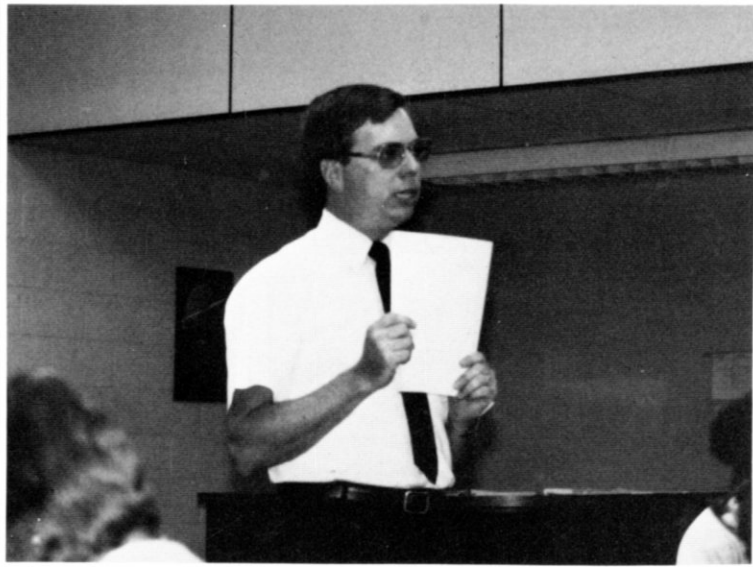

**Mr. Doty** enjoys being involved in this ceremony where students reach one of their life's goals.

Assistant Superintendent — Randy Barrett

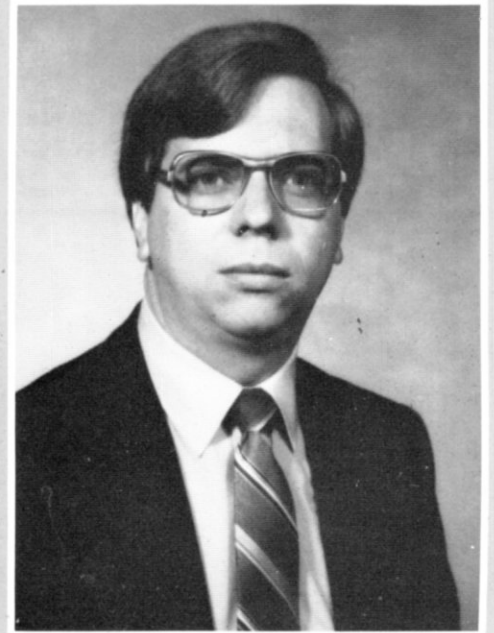

**Mr. Barrett** takes an opportunity to discuss ideas with *Mr. Davidson* and *Mr. Gammill*.

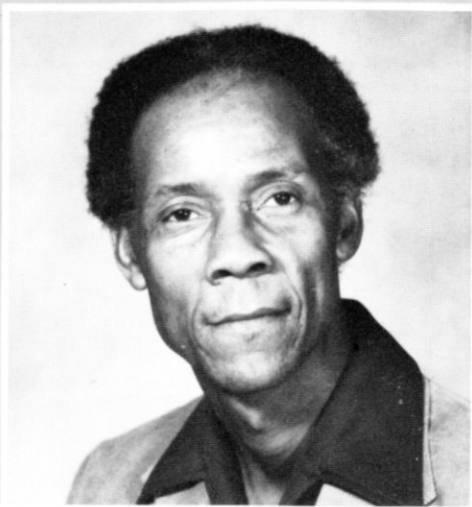

In late summer **Mr. Davidson** found himself back in a familiar position. He had the opportunity to teach the teachers during a workshop on *classroom management*.

## Improving Instruction

Mr. Davidson and Mr. Robins play a very important role in helping to improve instruction. They emphasize the use of the Program for Effective Teaching. This year Mr. Davidson held a very successful workshop on classroom management. Through classroom observation and personal communication they encourage both students and teachers to be the best they can be.

Principal — Harold Davidson

Principal — Arzell Robins

**Mr. Robins** had the pleasure of presenting a retirement gift to *Mr. Alston* to honor him for his years of service.

# What satisfies you?

**Lisa Riley** ... When I know I'm making progress. Even if it's at a snail's pace, as long as I'm moving.

**Barbara Bernard** ... When everyone passes the test.

**Lanny Bates** ... People that try and achieve.

**William D. Vest** ... Realizing that I have helped a student understand something that was giving him trouble.

# What dissatisfies you?

**Lloyd R. Linn** ... To have a student who does not put forth any effort to try and then questions the instructor as to why his grades are so low.

**Linda Estes** ... The times when I feel ineffective or my efforts to help are misunderstood.

# What's the best advice you've ever had?

**Rebecca Davidson** ... To recognize that the final choice of whether a student learns or not is the student's. There is just so much that any teacher can do.

**Betty Doty** ... My first year to teach my superintendent said, "Don't smile until Christmas."

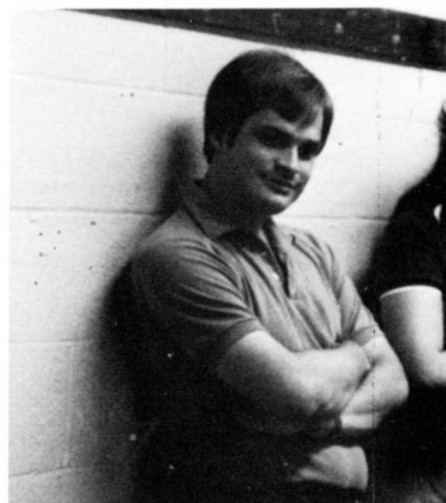

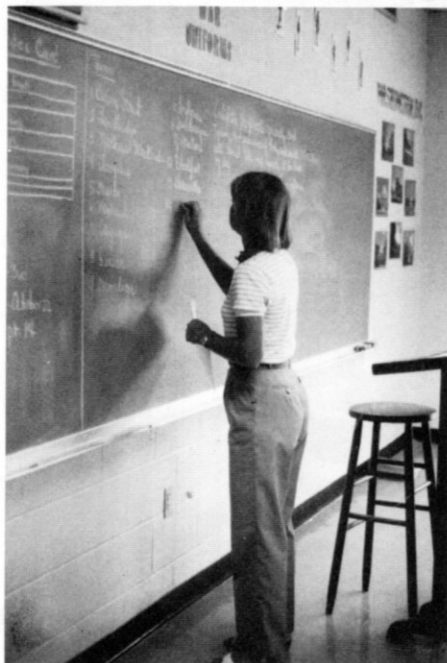

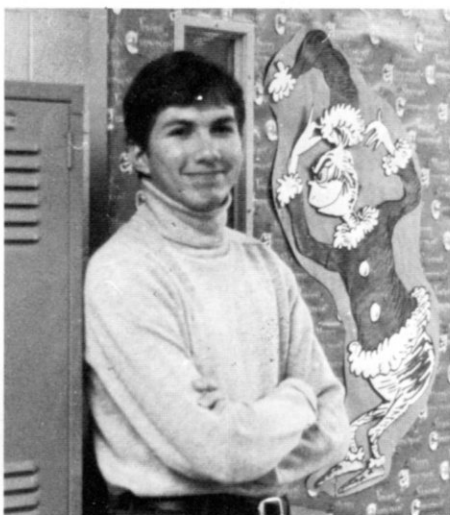

# You know you're a teacher when...

**Jason Anders** ... the learner is finally more important than the learning.

**Lisa Pemberton** ... the kids act amazed when you tell them you listen to Rock 103 and actually enjoy it.

**Dorothy Malone** ... you decided at 3:24 that you have had enough of the I can'ts and the I won'ts and at 8:00 a.m. the next day, feeling the warmth and love of your students and cohorts, you say to yourself — "I can and I will handle the I can'ts and the I won'ts of the day."

**Denny K. Cain** ... you get your paycheck.

**Sandy Cook** ... you develop a permanent build-up of chalk dust beneath your fingernails.

**Deb Kilman** ... You know you're a science teacher when students bring you rocks, mushrooms, and dead spiders instead of apples.

**Donna Isabell** ... in a one day period you have to be a counselor, nurse, friend, teacher, social advisor, lunchroom monitor, artist, disciplinarian, and examiner.

**Philip Parnell** ... you're at a party and you're asked how many children you have and you can truthfully say "one hundred, thirty."

# Directors

Mrs. Barrett leads students in a recess activity.

Mrs. Hughes knows that *good preparation* makes a successful teacher.

The students seem interested in Mrs. Alexander's approach to English and spelling.

## Directors at Work

The amateurs must be constantly coached to prepare them to become the future stars in our cast. Meet some of the directors at work.

Mr. Rolfe Martin offers interests and skills to help students "meet the world."

Mrs. Owens finds time for some individual "coaching."

Miss Base discusses curriculum operations with teachers.

Open house was held at the new Kindergarten building. Parents, teachers and students enjoyed refreshments as they toured the impressive facility.

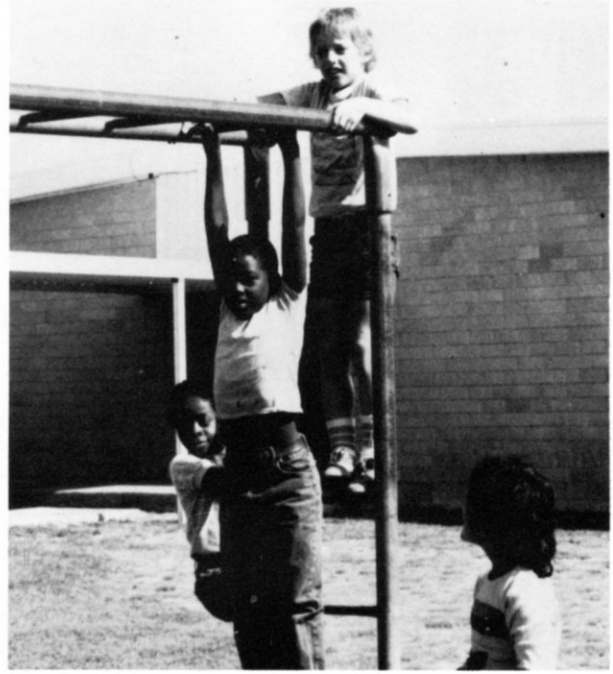

Lights — Camera — Action

With elementary students there is always plenty of action.

He's getting closer.

Just hanging around!

Jumping for joy?

Easy does it!

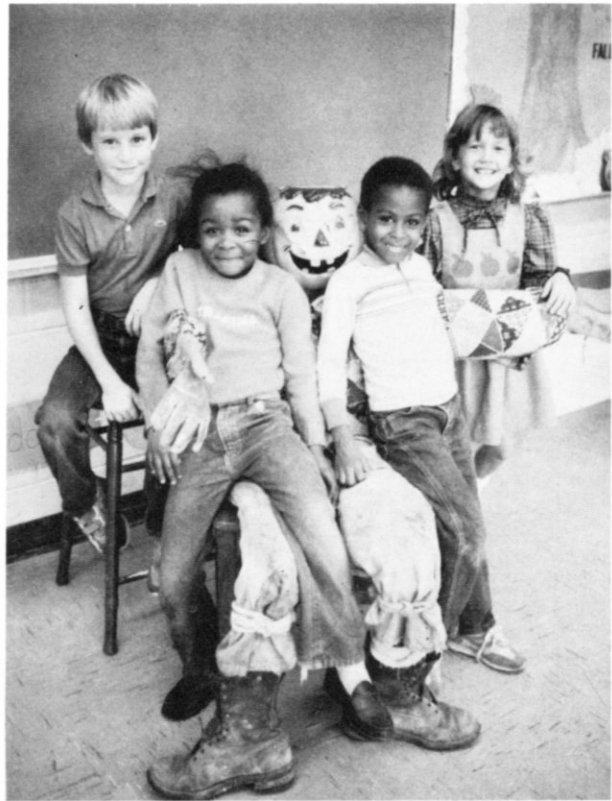

One last swing before the bell rings.

No doubt — recess is fun!

The classroom is not the only place where *concentration* is useful.

**Mr. Barrett and Mr. Gammill** enjoy family camping trips in their spare time.

The children were fascinated with the outstanding Christmas decorations by **Mrs. Taylor**.

**Mrs. Doty** pins on the lifetime PTA membership pin awarded to **Mr. Linn** this year.

Teachers enjoy a few minutes together during lunch time.

**Mr. Doty** wishes everyone warm wishes for Christmas.

**Mrs. McCoy** presented an excellent devotional at PTA.

**Mrs. Cupples** finds herself surrounded by work as she prepares to mail report cards.
